

# FISCAL NOTE

## SB 2882 - HB 2819

February 5, 2004

**SUMMARY OF BILL:** Requires students excused from compulsory attendance to be considered as school dropouts for statistical purposes.

Current law excuses from compulsory attendance those children who have attained their 17<sup>th</sup> birthday and whose continued compulsory attendance, in the opinion of the local board of education, results in detriment to good order and discipline, to the instruction of other students, and is not of substantial benefit to such children.

### ESTIMATED FISCAL IMPACT:

**MINIMAL**

Estimate assumes:

- the bill will have no impact on the BEP since these children have previously dropped out of school and have already been purged from the Average Daily Membership (ADM) calculation for BEP purposes.
- the bill is only for classification purposes.
